

EdNA Groups

What is an EdNA group?

EdNA groups is based on the open source software system Moodle and is an online communication tool. It can be open to the public or private. The Get Flexible group can be accessed here <http://www.groups.edna.edu.au/course/enrol.php?id=2411>

How will this help me with my learning?

Your facilitator could set up and use an EdNA group to upload information and content relevant to your study. You will be able upload files relevant to your study, read what other learners have uploaded and make comments as well. Your facilitator may also use the real time communication tool (using chat) and time planner (by using the calendar function) to indicate when work is due.

What resources do I need?

- A computer
- Internet connection along with a compatible internet browser.

Where can I find out more?

This resource will take you through the basic steps of creating and using a group <http://www.groups.edna.edu.au/mod/resource/view.php?id=59006>

How do I set up an account?

You will find the EdNA Group at <http://groups.edna.edu.au>. Click on the 'Register' button and complete the profile. View the video and other information and then type 'Get Flexible' into the Search Groups box on the right. Click GO and then join the Group. Have fun!

The screenshot shows the homepage of the EdNA Groups website. At the top, there is a navigation bar with the logo 'groups.edna.edu.au' and buttons for 'Login' and 'Register'. Below the navigation bar, there are tabs for 'edna Home', 'News', 'Events', 'Resources', 'Groups', 'Lists', and 'me'. The main content area features a header 'edna Groups: Community spaces for Australian educators' and a section titled 'Overview of edna Groups' with a video player and links for 'About edna Groups', 'Need Help?', and 'News and Feedback forum'. On the right side, there is a 'Search Groups' box with a 'GO' button and a 'Main Menu' with links for 'My Groups', 'Groups News', 'Help', 'Conditions of Use', 'Apply for a new group', and 'Unsubscribe from edna Groups'.
